<p>An “actual word” coming from the mouth of God to you on the issue. Receiving & Believing that word = “Doing it.” Believing = receiving information & focusing on it until it replaces past thought.</p>	<p>Established habits from believing & receiving causes real roots (right relationship with God) to be developed.</p>	<p>Others “see the vision” developing & become interested & observant. You’re connected in diligence to the Lord & His Body with a pressed, purposed commitment.</p>	<p>Fruit manifests and others join the vision and the church. God begins multiplication exponentially via the fruit & character & gifts of the Spirit.</p>
<p>What & when was the actual “word” God spoke to you?</p> <p>Issue of life/Health & Healing</p> <p>I was diagnosed with stroke-level blood pressure in 1999; doctors said it could cause immediate stroke and that could be deadly.</p> <p>The Lord spoke 2 words to me; 1st. I had to forgive (<i>Mark 11:25-26</i>) then meditate <i>Isaiah 53:4-5</i> until direction was given! I did it as I was told.</p>	<p>What of God’s vision for your life have you started?</p> <p>Issue of life/Health & Healing</p> <p>The Lord gave further direction as He spoke to me regarding the health issue that “<i>I was not on the defensive regarding it.</i>” He then showed in <i>Matthew 16:18-19</i>, that the gates of hell not prevailing ...meant sickness could not remain as I advanced in His Kingdom.</p>	<p>What “real structures of the vision” beginning in formation, can you & others see?</p> <p>Issue of life/Health & Healing</p> <p>As I continued in the word God had given me, <i>I went on the offense regarding forgiving, and believing despite what the blood pressure measured! I began speaking that my blood pressure was better than the norm of 120/80, in fact the Lord told me to begin stating that my BP was 116/76 & I began regular physical exercise.</i></p>	<p>Have the actual results begun to show...are others joining you?</p> <p>Issue of life/Health & Healing</p> <p><i>I began walking in forgiveness & “offensive power” daily believing & speaking what my BP was. A subsequent doctor’s visit revealed BP was 116/66! A medical nurse followed me to the doctor’s office asking what on earth I was taking to reduce the BP so drastically? I told her by medication was Jesus!</i></p>
